Skills

- Prototyping
- Team Planning
- Software Development
- Interviewing
- Research
- Schedule And Time Management
- Attention To Detail

Interests

- UX
- OKRs & KPIs
- Non-Profit
- Web3
- DevOps
- Music, Photography, & VideoGames

Languages

- Native English
- Native Spanish
- Fluent Portuguese

Professional Profile

I did visual sociology research on graffiti, compiling pictures with \LaTeX [WYSIWYM], so they look well and properly placed. The UI of the final thesis document was a first step to start thinking on how to progress on a product development thru a full cycle. I was focused on ethnographic observation and interviews.

Later, in tech roles, I learned to target for market fit, focus on proper scope, attend to User Experience [UX], apply results, and measure for further improvements.

Work

- | | | |
|-----------|--|---|
