## General Profile

Programming: Now mentored. 2020: second year student as Systems Analyst.

I am adaptable, curious and tenacious. I was born in Chicago, USA; and raised from age 7 in Córdoba, Argentina. I always kept studying English, raising my level to a C1 [CEFR] standard. Also, I use English on a daily basis by reading and writing. I have also learned to read, listen and speak Portuguese in a fluent manner, living in Brazil through nearly 2 years.

I've worked in academic environments: supervising research projects, giving sociology classes and English conversation. I feel at ease in environments relating to publishing, film production, programming and service.
