- Leisure & Travel

Languages

- NATIVE English
- NATIVE Spanish
- FLUENT Portuguese

Professional Profile

I was focused, as a researcher, on ethnographic observation and interviews. I did visual sociology research on graffiti, compiling pictures with \LaTeX [WYSIWYM], so they look well and properly placed. The UI of the final thesis document was a first step to start thinking on how to progress on a product development thru a full cycle.

Recently, I was in tech roles, and learned to target for market fit, focus on proper scope, attend to User Experience [UX], apply results, measure, and improve.

I look to contribute in Web3. I believe in the power of decentralization, DeFi, open-source, community, and how people get empowered with this new business logic, leaving Web2 –at least partially– behind.

Work

- | | |
|-----------|---|
| 2021–2022 | Assistant Project Manager [PREFERATI] |
| | <ul style="list-style-type: none">• Leading software team projects from planning to deploy, on time• Talking with customers and getting requirements• Implementing CRM improvements and features• Team leader to build an applicant tracking system (ATS) from scratch• WordPress site: wireframing, picture editing, SEO improvement |
